

Hello families,

Yes, it is that time of year when many homeschoolers are trying to finalize their curriculum choices. In light of that, I am offering more scheduled options for the library.

Thursday, August 19	10:00-noon
Wednesday, August 25.	9:30- 1:30 (During photos)
Thursday, August 26	10:00-noon
Wednesday, Sept. 1	Noon-2:00
Thursday, Sept. 2	10:00-noon
Thursday, Sept 9	10:00-noon

Joni will be at the library on all listed days. She is in charge of the resource library with a wide selection of books and media for general use.

Julie will be there on Thursdays only. Julie is in charge of our special curriculum options like Barton reading, IEW writing materials, Saxon math bundles for upper level math, and Teaching Textbook sets for upper level math. You may inquire and request specific materials by emailing Julie Edmonson at julie.edmondson@ames.k12.ia.us. She will set them aside for pick up anytime the library is open.

After these dates, the library will be open during enrichment class hours.

Materials can be checked out for the entire school year if needed. We ask that materials are returned to our libraries as soon as you are finished with them so that other families may use them.

COVID Protocol:

Appointments are no longer required. Masks are recommended, but they are not required. Children may accompany parents when necessary, but they must stay in the library. We do ask that if you or anyone accompanying you have any symptoms, please come another day. Hand sanitizer is available in the library.

We are using the north entrance to the building (along the street) until enrichment classes begin. If the door is locked, please text Joni or Julie.

We look forward to seeing you,

Joni Gainer (515) 212-0270

Julie Edmondson (515) 491-9945
